INTRABCAA™ has been manufactured in a facility that is FDA inspected, operates under strict compliance with "cGMP" guidelines and is certified by globally recognized Informed-Sport. The latter, is a quality assurance program certifying that every batch of products bearing the Informed-Sport logo, like INTRABCAA™, has been tested for a variety of banned substances in its world class anti-doping testing facility. As a consumer, you can cross-reference this products batch # on the <http://www.informed-sport.com/website> as an added layer of assurance.

SUGGESTED USE:

As an adult dietary supplement, begin use by mixing one serving (one scoop) with approximately 6 to 10 ounces of water. Shake vigorously and sip throughout the training session. Doses may be increased to as many as two servings (two scoops) and on non-training days consume one serving in between meals. Once mixed, shake well between sips.
